**DRC has taken an aggressive and unique approach to testing, which includes mass testing of all staff and inmates at the Marion Correctional Institution, the Pickaway Correctional Institution, and the Franklin Medical Center (which is Ohio’s medical facility for inmates). Because we are testing everyone – including those who are not showing symptoms - we are getting positive test results on individuals who otherwise would have never been tested because they were asymptomatic. The total tested and total pending are part of the large mass testing currently underway. Pickaway staff testing will begin the week of April 19, 2020. Once all of those results are received, these columns will be filled. Positive and negative results are still being reported and are current as of this posting.*

COVID-19 Inmate Quarantine and Isolation | **Quarantine** separates and restricts the movement of people who were exposed, or potentially exposed, to a contagious disease to see if they become sick. **Isolation** separates sick people with a contagious disease from people who are not sick.

Prisons may implement quarantine procedures when staff or inmates test positive. Quarantined facilities are operating under modified movement and the populations are being separated by unit along with other precautionary measures. Every inmate at these facilities is monitored daily and has their temperature taken along with a check for symptoms. Overall testing increases are partially attributed to implementation of mass testing at designated facilities beginning 04/11/2020.
